Gulati Institute of Finance and Taxation

Gulati Institute of Finance and Taxation (GIFT), formerly Centre for Taxation studies (CTS), is an autonomous institution of Government of Kerala. In 2009, with a generous financial support from Government of India, Government of Kerala upgraded and renamed CTS as GIFT after the renowned economist late Professor I.S. Gulati, who was closely associated with the Government of Kerala notably as Vice-chairman, Kerala State Planning Board.

The overall governance of the Institute is by a Governing Body presently chaired by Hon'ble Finance Minister Dr TM Thomas Isaac and its members include senior administrators from State and Central Government, eminent economists, noted legal and management experts.

Affiliated to the Cochin University of Science and Technology for its PhD Program, GIFT is engaged in teaching, training, consultancy and cutting edge research on issues related to Public Finance, Taxation, Law, Accounting, Management and Governance. While its empirically based and theoretically informed research serves an input for policy making at the regional and national level, its consultancy services are availed by various government departments, public enterprises and corporates.

GIFT influences policy formulation, apart from its research, by serving as a platform for deliberating on issues of contemporary relevance at the national and regional level by bringing together different stakeholders. The institute brings out its research output in the form of discussion papers/working papers, monographs and research reports. The monthly law journal - Kerala Tax Reporter (KTR) published since the inception of the institute (1992) is a much-acclaimed journal by jurists, tax practitioners and legal experts

The institute has been offering a diploma program, Post Graduate Diploma in Taxation (PGDT), since 1993 which enabled the diploma holders to enroll as Sales Tax/Value Added Tax Practitioners in Kerala. In 2004 another program, Diploma in Sales Taxation (DST), was launched to equip small traders, entrepreneurs and accountants with practical knowledge in the areas of Sales Tax/VAT & Accounting.
